

2024 AHFE International

Call for Papers

15th International Conference on Applied Human Factors and Ergonomics

jointly with

- Human Factors in Accessibility, Assistive Technology and Digital Environments
- Human Factors in Artificial Intelligence and Social Computing
- Affective and Pleasurable Design
- Cognitive Computing and the Internet of Things (IoT)
- Creativity, Innovation, and Entrepreneurship
- Neuroergonomics & Cognitive Engineering
- Human Factors in Cybersecurity
- Digital Human Modeling and Applied Optimization
- Design for Inclusion
- Ergonomics in Design
- Human Factors and Ergonomics in Healthcare and Medical Devices
- Human Factors in Energy: Oil, Gas, Nuclear and Electric Power Industries
- Global Issues Challenge: Challenges in AI at the Human Level
- Human Dynamics and Design for the Development of Contemporary Societies
- Human Dynamics, Product Evaluation and Quality
- Human Error, Reliability, Resilience, and Performance
- Human Factors in Aging and Special Needs
- Human Factors for Apparel and Textile Engineering
- Human Factors, Business Management and Society
- Human Factors in Communication of Design
- Human Factors in Virtual Environments and Game Design
- Human Factors in Robots, Drones and Unmanned Systems
- Human Factors and Simulation
- Human Factors, Software and Systems Engineering
- Human Factors and Wearable Technologies
- Health Informatics and Biomedical Engineering Applications
- The Human Side of Service Engineering
- Interdisciplinary Practice in Industrial Design
- Kansei Engineering
- Transportation: Road and Rail, Maritime, Aviation and Space
- The Human Aspects of Advanced Manufacturing: Managing Enterprise of the Future
- Physical Ergonomics & Human Factors
- Sustainable Built Environment
- Human Factors in Sports, Injury Prevention and Outdoor Recreation
- Safety Management and Human Factors
- Social & Occupational Ergonomics
- Human Factors, Architecture, Sustainable Urban Planning and Infrastructure
- Human Factors and Systems Interaction
- Human Factors in Training, Education, and Learning Sciences

July 24-27, 2024

Université Côte d'Azur, Nice, France

WWW.AHFE.ORG

2024 AHFE International

INVITATION TO AHFE 2024

You are cordially invited to participate in the International Conference on Applied Human Factors and Ergonomics (AHFE 2024) Université Côte d'Azur, Nice, France, July 24-27, 2024. All distinguished Conferences held are maintained jointly under one management and one registration. The conference objective is to provide an international forum for the dissemination and exchange of scientific information on theoretical, generic, and applied areas of human factors and ergonomics.

These objectives will be accomplished through the following six modes of communication: keynote presentation, parallel sessions, demonstration and poster sessions, tutorials, exhibitions, and meetings of special interest groups. The five-day conference will start with tutorials. The tutorials will be held on July 24 2024. Tutorials will be offered at introductory, intermediate, and advanced levels covering the entire spectrum of the conference

All submitted abstracts will be peer-reviewed by three independent referees from the international program boards. Papers in the theoretical category should deal with models, concepts, and structures; papers in the generic category should present research results of broad applicability; papers in the applied category should show how the demands of particular application areas shape the way generic research is translated into practical innovation.

PROPOSALS FOR PARTICIPATION

Parallel Presentations. An abstract of about 500 words should be submitted through our website (www.ahfe.org) and include a statement of the objective and significance of the proposed presentation, description of methods, and discussion of results.

Tutorials. An abstract of 300 words should state the objective, content, target audience, a bio-sketch about the presenter(s) and A/V requirements. Please submit the abstract through the AHFE 2024 website.

Poster/Demonstration Sessions. An abstract of 300 words should be submitted through the website and should include the essence of the planned presentation. Equipment needed for demonstration is the responsibility of the author.

EXHIBITS

Exhibits provide state-of-the-art products, systems and services for the users, professionals, and researchers in the AHFE field. Organizations interested in exhibiting or advertising in the Final Program should contact the Conference Communication and Exhibits Chair: exhibits@ahfe.org

SUMMARY OF SUBMISSION REQUIREMENTS & DEADLINES

| | Abstract Length | Extended Deadline For Abstract Receipt | Notification of Review Outcome | Deadline for Receipt of Accepted Papers |
|--------------------------|-----------------|--|--------------------------------|---|
| Paper presentations* | 500 words | 20 March 2024 | After 1 December 2023 | 20 March 2024 |
| Posters/demonstrations | 300 words | 10 April 2024 | ** | 20 March 2024 |
| Special interest groups* | 500 words | 20 March 2024 | ** | 20 March 2024 |
| Tutorials | 300 words | 1 December 2023 | ** | not applicable |

All submissions should be done through our website: www.ahfe.org

Why Nice, France?

Located on the French coast of the Mediterranean Sea, the French Riviera (Cote d'Azur) is the playground for the rich, famous and hordes of international tourists. Although the Riviera is famous for the glamour of St. Tropez, Monaco or the Cannes Film Festival, there are many other less well known destinations, such as the perched villages of Eze and Saint-Paul de Vence, and the perfumeries of Grasse to name a few. The region enjoys a wonderfully mild to warm climate all year round, despite being one of the more northerly coasts on the whole Mediterranean.
